PROFESSIONAL SUMMARY

Integrated MCA student (2022–2027) with hands-on project experience in Java, Spring Boot, REST APIs, PHP and the MERN stack, including database integration. Familiar with software testing concepts, test case preparation and functional requirements analysis. Collaborative team player seeking entry-level roles in software engineering, web or backend development, or software quality assurance.

TECHNICAL SKILLS

- **Languages:** Java, Python, C, C++
- **Backend & APIs:** Spring Boot, REST APIs, Maven, Object-Oriented Programming
- **Web:** HTML5, CSS3, JavaScript, PHP
- **MERN Stack:** MongoDB, Express.js, React, Node.js
- **Databases:** MySQL, PostgreSQL, MongoDB, H2 Database
- **Tools:** Git, GitHub
- **Soft Skills:** Problem Solving, Communication, Teamwork, Leadership, Time Management

PROJECTS

Voyara – AI-Powered Travel Booking Platform *React, FastAPI, PostgreSQL, JWT, OpenAI API, LangGraph*

- Currently developing a travel platform to search verified stays, check room availability, compare nearby alternatives and support conversational bookings
- Designing an AI booking agent that interprets traveler requirements, verifies availability and pricing, and prepares booking previews
- Working on outcome verification using database records, booking responses, payment results and execution evidence

Contact Book – Spring Boot Web Application *Java, Spring Boot, REST APIs, Maven, MySQL, H2*

- Built a contact management system with full CRUD functionality via RESTful APIs
- Integrated Spring Data JPA with MySQL/H2 for database connectivity
- Added search by name, email or phone number, plus alphabetical contact sorting

FreshVeggieMart – E-Commerce Website *PHP, HTML, CSS, MySQL*

- Developed a platform for ordering ready-to-cook vegetable kits, with role-based authentication for users, admins and delivery staff
- Built product catalog, shopping cart, order management and an admin dashboard for inventory/order tracking, with online and cash-on-delivery payments

Spoonza – Recipe Sharing Platform (Group Project) *WordPress, Elementor, Plugins*

- Designed responsive recipe listing and detail pages with likes, comments and favorites
- Collaborated with a team on design, testing and content management

INTERNSHIPS & TRAINING

MERN Stack Internship – Amigosia Private Limited *June 2026 | Hybrid*

- Practical training in MERN stack development and REST API integration

Cybersecurity Bootcamp – MuLearn *July 2025 | Online*

- Training in cybersecurity fundamentals, threat analysis and security best practices

Launchpad Internship Program – IEDC AJCE *May 2023 | Online*

- Industry-oriented learning and project-based problem solving

EDUCATION

Integrated MCA – Amal Jyothi College of Engineering (APJ Abdul Kalam Technological University) 2022–2027

- CGPA: 7.32

Higher Secondary (Plus Two) – St. Mary's HSS, Marykulam 2020–2022 | 81%

SSLC – St. Mary's High School, Marykulam 2020 | 92%

CERTIFICATIONS

- Oracle Cloud Infrastructure AI Foundations • Scrum Fundamentals Certified
- IBM – Introduction to Software Engineering • Google Cybersecurity Professional Certificate

ACHIEVEMENTS & ACTIVITIES

- Shortlisted for Smart India Hackathon 2024 (institute level)
- Student Volunteer – NASA Space Apps Challenge 2025
